## Russia Asks Top Meet On Disarmament

UNITED NATIONS, N.Y. (AP) — Soviet Foreign Minister Andrei A. Gromyko today called for a world summit conference on disarmament.

Gromyko also submitted a detailed memorandum on disarmament, outlining measures to be considered at the proposed conference.

The Soviet foreign minister declared that the present international situation was ripe for progress on such measures as a complete ban on nuclear weapons, the liquidation of foreign bases and the reduction of military budgets. BACK CHINA

# CONGO REBELS

CAIRO (AP) - The Scriet Union reportedly has agreed to help finance the growing arms airlift to the Congolese rebels. An East European Communist diplomate said the Soviets agreed last weekend to replenish stocks of the Soviet-made weapons which Algeria and the United Arab Republic are shipping to Christophe Gbenye's forces. The Russians also reportedly will pay part of the airlift costs.

Communist China has sun ported the rebels through its embassy in Burundi, east of the Congo, but when the rebels were driven north toward the Sudanese border, the supply lines became difficult to maintain. The Chinese are reported trying to improve their supply, and the Soviets apparently are trying to counter this.

Witnesses have seen Sovietbuilt Antonov transports of Egyptian and Algerian registry ferrying weapons to the Congo through Khartoum ad Juba, in Sudan.

true all over the world, but it means something different in every country. Here in the United States, children receive the care that only parents can give them - care that takes the form of not only food, shelter and clothing but also the comfort of a warm and devoted home life. Careful attention is given to wants and needs — just seeing to it that our children get the best we can possibly give them to grow healthy and happy, until the day when they become adults and raise families of their own.

In other parts of the world, "Children need CARE!" takes on an entirely different meaning. It means that hungry, sick, impoverished children need - and receive - the aid given them by CARE, the nonprofit American international relief organization, which for 18 years has given food, clothing, medicine in fact whatever was needed - to those who had nothing but hunger, poverty and pain as constant companions.

This Christmas, as during every day of the year, millions and millions of hungry kids will reach out their hands, not for candy or toys, but for bread. You can fill their hands with food from America's farm abundance when you contribute to CARE. One dollar will deliver overseas a food package big enough to feed four children for one month . . . \$2 will wrap a blanket around a homeless child in Hong Kong . . . \$5 will deliver 10 pairs of new shoes to a needy orphanage . . . \$100 will ship over one ton of food to a destitute village, orphanage or leper colony.

CARE'S regional office in Pittsburgh is accepting donations, in any amount, for Christmas distribution to any area of the world you choose. Receipts will be mailed to all donors when the packages are shipped - these receipts will notify the donor what was sent and where it went. Other hair problems, however, can be helped provided a systematic program of care is started during the early stages of hair loss. It should be em-phasized that early care is of paramount importance. Continued ignorance about your problems or neglect is your worst enemy for healthy hair.

### THE CHRISTMAS STORY IN CAROLS-2

"While Shepherds Watched Their Flocks by Night" gives us the inspiring story of the angels appearing to the shepherds in the fields and telling them of the birth of the baby Jesus. When independent oilman H.C. Hood needed a secretary in October, an employment agency sent him attractive, red-haired 32-year-old Germaine Springer. Germaine asked \$500 monthly

alary. But said Hood, "I didn't have enough work to justify that kind of pay. I told her I would start her at \$350 and if things worked out after a couple of months I would give her a raise.

"That'll be fine," Hood quoted her as saying with a smile.

But Germaine was in a hurry, Deputy Sheriff Gene Howell said. Two days after she went to work for Hood, she started writing checks and signing her employer's name, Howell said. SHE'S IN JAIL

She bought an automobile with a check for \$2,498, a fur stole with another check for \$1,-000 and paid \$1,700 for a watch, Howell said. She even paid off an old debt to an Illinois savings and loan firm with another check for \$1,395, he added.

Last week, Germaine left own when an accountant had come in to make a routine check of Hood's books.

Howell and Texas Rangers arrested her on a Fort Worth street over the weekend. They rcovered eighteen \$100 bills the car and fur stole.

Sunday night, Germaine was in a jail cell after six weeks of extravagant living. She was charged with forgery. "She did this after all of us

had tried to befriend her, mused Hood. "She was a darn good secretary."
